---

Dear Sara Killingsworth

MI- Alma College

Your tax exempt status has been approved. Orders must use Organizational credit card as payment for orders to be eligible for tax exemption. This exemption is for Walmart.com merchandise only. If you purchase merchandise from our web site that is from Walmart Marketplace vendors the exemption does not apply. Due to company policy tax exempt paperwork must be updated and provided every three years or as the law requires.

**Your taxes have been refunded for your order.**

\*\*Please note when an order is placed, the taxes will appear on the total amount of the items. You will need to inform us when an order has been placed so the taxes can be taken off.\*\*

To expedite processing of future orders please e-mail [help@walmart.com](mailto:help@walmart.com) with your order number so those exemptions can be processed. You may check the status of your future adjustments at anytime on our site checking each order placed for the expected credit. At the top of the page click on "My Account". Then scroll to the Middle of the page and click on the order number. This will take you to the summary page for your order. On the top left side it has the Purchase Summary. It shows the subtotal of the merchandise, the tax exemption, shipping, then the estimated tax.

If your entity has additional purchasers under a different e-mail address, please have them refer to **Customer ID (86273248)** so that their accounts may be noted as tax exempt as well.

Thank you for shopping at Walmart.com.

**If you have any questions please contact the billing department:**

**Phone: 866-371-1946**

**Fax: 877-971-5965**
