*Recommended

Completed At Alma College – Remaining Core Curriculum

(GCA) Global Cultural Awareness

(IDS) Interdisciplinary Seminar: All students will take 4-credits of an Interdisciplinary Seminar in their third or fourth year.

(QR) Quantitative Reasoning

(WI) Writing Intensive Course: All students will complete a minimum of four credits of 200- or 300-level writing intensive coursework that focuses on writing and research within a discipline.

(SP) Spring Term Course – 4-week Spring Term in May of each year, 4-credits needed or one class

(WLC) World Languages & Culture: Graduates must demonstrate at least novice-high proficiency in a language other than English (may be completed at another institution).

Alma College accepts credit earned from regionally accredited colleges or universities in the United States. International credit is evaluated using guidance from AACRAO and World Education Services. An evaluation of credit earned is available upon submission of an application and transcripts to the Admissions Office. Transfer students entering Alma College with an awarded associate's degree or comparable work will have the Explore and Theme requirements in the Core Curriculum waived. "Comparable work" means the equivalent of four full-time college terms with a minimum of 56 Alma credits accepted for transfer. This must include at least three credits each of courses addressing laboratory science, arts or humanities, and social science, plus at least nine additional credits of work outside of the primary area of emphasis.

All transfer students with 25+ credits will have the First Year Seminar (FYS) requirement and one Spring Term requirement waived. Students are still required to take one Spring Term course at Alma.

Limitations are as follows:

1. Only non-developmental courses that are graded "C" (2.0) or higher are accepted for credit.
2. All transfer students must complete the final 52 credits for the degree in residence at Alma or in an Alma-approved program.
3. Transferred credit must be documented by receipt of an official transcript from each institution attended.
4. Transfer credits from courses below the 100-level do not count toward the 136 credits required for graduation.
