Important Housing Information

The Residence Life team is here to assist you with questions regarding housing for the next academic year. **Student Drop-In hours are each weekday from 2:00 PM – 5:00 PM in the CSO, scheduled from March 17 – April 11.**

Looking for a individualized meeting with a Residence Life staff member to discuss your housing? [Click here](#) to book a meeting with a 15-minute meeting with our staff. Residency Requirement

Alma College is a four-year residential college. As such, Alma College students are required to live in College-owned or approved housing for all four years of their student experience unless they qualify for a residency exemption. Students also are required to have a meal plan. More information can be found in the full Residency Requirement Policy on our website under [Important Housing Policies and Information](#).

Housing Eligibility

To be eligible for housing, all students must be Alma College students and must be registered for Fall 2025 classes before beginning the housing process. All students must complete a housing agreement before they can begin housing registration. The housing agreement will open 24 hours after a student completes course registration. Some housing options have specific requirements that are described below under “Housing Options.”

Accessibility

We are committed to ensuring all students have access to the educational, social and cultural opportunities part of the Alma experience. Classroom accommodations, housing accommodations, assistive technologies and advocacy and support are all part of the services that Alma College provides to students who identify as having a disability and provide the required documentation. More information about disability services at Alma, including information about housing accommodations, contact information, and services can be found [here](#) or by emailing disability_services@alma.edu.

Academic Information

A student’s academic information, including class standing, earned credits, and GPA, is determined by the Registrar’s office, and any questions will be verified through the Registrar’s office. No exceptions will be made to a student’s academic information.

Judicial Standing

Judicial standing will be determined by the information available at the time of selection. Examples of significant judicial records include but are not limited to two or more violations of college policy within the past year, violations of the college’s Civil Rights or Sexual Misconduct policies, or findings that resulted in disciplinary probation or suspension at any point in a student’s history.

Housing Portal

All housing will be completed through the College’s [online housing system](#) unless otherwise noted. The housing portal can be found by going to InsideAlma < Offices and Services < Housing (link: [alma.mcrhousing.app](#))

Roommate Selection

Returning students may live with any other returning student, as long as they are all eligible for the housing unit they wish to live in. Please note that returning students are **not** eligible to live with incoming first year students.

Students are strongly encouraged to choose groups of two or four roommates; three-person (triple) rooms are not available, and groups of three will be ineligible to choose a room during room selection. The only exception will be students applying to live in the three- or five-person Opera House apartments; these groups of students are strongly encouraged to have a plan for a two- or four-person group ready if they are not selected to live in the Opera House.

Gender Inclusive Housing Policy

Alma College strives to provide safe living spaces for all students and to be inclusive of all gender identities. It is the College's standard procedure to provide students with same-sex housing assignments within the rooms of all campus housing units. The College recognizes, however, the need to offer opposite-sex and/or mixed-gender room assignments to accommodate students with a gender-based need. In all cases of gender inclusive housing, all occupants must voluntarily agree to this living arrangement. Students who wish to request a gender inclusive living space may do so by filling out the Gender Inclusive Housing Request Form in their housing portal. This form can be found under the "Housing Forms" tab.

Vacancies

If a vacancy occurs in your residence hall room at any time after initial housing selection, the college reserves the right to fill that vacancy at its discretion. Though the college will make every effort to notify you of changes in your room or roommate assignments, the college may be unable to provide notice. This includes vacancies that result from students attending overseas and off-campus programs, transfers, or withdrawals. All rooms, houses, and apartments must be filled to capacity at the time of registration.

Failure to Register for Housing

Any returning student who does not complete housing selection by June 13, 2025, will be assigned a room and/or roommate at the discretion of the College. The College will make efforts to honor student preference in this process but cannot guarantee placement in the student's preferred housing or with their preferred roommates.

Room Information and Eligibility

Many single rooms are reserved for students with documented accommodation(s) through the Academic Support and Disability Services Office. Please see “[Accessibility](#)” under the Important Housing Information section for more information about this process.

Any additional single rooms remaining after accommodations have been met will be filled in the order of the single room wait list. Students may sign up for the single room wait list through the housing portal during the housing process. Students on the single room waitlist should still complete the general housing process to guarantee housing choice; single room offers typically are not made to students on the waitlist until July, if at all. **The Housing Waitlist will open on the housing portal on Tuesday, April 15 at 12:00 PM.**

Note that single rooms are not available in Newberry and Mitchell Halls.

Housing Selection Processes

All students must complete the following steps to register for housing:

1. Register for Fall 2025 classes.
2. Complete the Housing Agreement. The housing agreement will be available 24 hours after you registers for classes. This is required for all students, and students cannot select roommates or a room until this is complete.
3. Select roommate(s) through the housing portal.
 - a. Your roommate(s) must register for classes and complete a housing agreement before you will be able to find them in the roommate matching process.
 - b. Students living in Small and Fraternity/Sorority housing or the Opera House do not need to complete this step; their roommates will be assigned based on the information in the house rosters or apartment application.
4. Complete the appropriate housing process listed below.
5. Select a meal plan.

Students with Accommodations- Monday, March 24

Selection Process

Students with housing accommodations documented through Disability Services should meet with a Residence Life staff member to discuss their room options. These meetings will be available after the student completes their housing agreement and continue through April. Students should schedule an appointment by emailing residencelife@alma.edu. Students also can visit residence life staff during office hours to select a room or make an appointment.

Students with accommodations who wish to live in spaces with additional eligibility criteria (i.e. apartment buildings and small/fraternity/sorority housing), first need to participate in the selection processes for those spaces. Then, if they are selected to live in one of these spaces, the Residence Life Office will work with them individually to make a housing selection.

Opera House Apartments- Thursday, March 27

Selection Requirements

To be eligible for the Opera House Apartment selections process, students must meet all eligibility criteria and complete the apartment application and housing agreement by Wednesday, March 26, at 11:59 PM. Each roommate must submit this application by the deadline, and roommate groups must match on all applications for the group to be considered. **Applications that are incomplete or do not contain matching roommate groups will not be considered. Similarly, if any member of a roommate group does not meet the eligibility criteria, the entire group's application will not be considered.**

Selection Order/Ranking

Roommate teams will be weighed by the total number of credit hours earned by the team; this is calculated by adding together the earned credits of each team member. Currently enrolled but not completed credits will not be considered. The higher the score, the higher the ranking. Average group GPA will be considered in the event of a tie.

Please keep in mind that the apartment process is highly competitive and in a typical year less than half of the teams that apply will be selected to choose an apartment. All apartment teams are encouraged to develop an alternative plan for housing.

Selection Process

Students will be notified of the application decision on Thursday, March 27. Because of the Opera House's unique room configurations, Residence Life will make housing assignments for the students living in the Opera House. If students are not selected for the Opera House they will automatically be moved to Wright Ave/Wright Hall selection process unless the team identifies otherwise; in this case, they will move to the four-person group or two-person group selection processes instead. Students applying for the Opera House must complete a housing agreement before their assignment will be finalized.

Super Singles – Friday, March 28

Selection Requirements

To be eligible for a Super Single, students must meet all eligibility criteria and complete the Super Single application and housing agreement by Friday, March 28, at 12:00 PM. If you are interested in requesting a suitemate, they must also submit this application by the deadline, and suitemate requests must match on both applications to be considered. Though suitemate requests are considered, students will be selected for the Super Singles on an individual basis, and one student may be selected while their suitemate is not.

Selection Process

Students will be notified of the application decision on Monday, March 31 by 5:00 PM. Because of the suite-style room configurations and gender-based needs related to bathroom access, Residence Life will make housing assignments for the students living in the Brazell and Dunning Hall Super Singles. If students are not selected for a Super Single, they are encouraged to join four- or two-person selection with roommate(s). Students applying for the Super Singles must complete a housing agreement before their assignment will be finalized. Placements for selected students who have completed their housing agreements will be finalized on Monday, April 7 by 5:00 PM and communicated via email.

Wright Hall and Wright Avenue Apartments – Friday, March 28 at 2:00 PM

Selection Requirements

To be eligible for the Wright Hall and Wright Avenue Apartment selection process, students must meet all the eligibility criteria stated above and complete the apartment application, housing agreement, and roommate selection by Wednesday, March 26, at 11:59 PM. All roommate teams must be groups of 2 or 4; two-person apartments are highly competitive. Each roommate must submit this application by the deadline, and roommate groups must match on all applications for the group to be considered. **Applications that are incomplete or do not contain matching roommate groups will not be considered. Similarly, if any member of a roommate group does not meet the eligibility criteria, the entire group's application will not be considered.**

Selection Order/Ranking

Roommate teams will be weighed by the total number of credit hours earned by the team; this is calculated by adding together the earned credits of each team member. Currently enrolled but not completed credits will not be considered. The higher the score, the higher the ranking. Average group GPA will be considered in the event of a tie. This is a blind selection process, and no other criteria are considered in these decisions.

Please keep in mind that the apartment process is highly competitive and in a typical year less than half of the teams that apply will be selected to choose an apartment. Additionally, some Wright Avenue Apartments will be offline and reserved for medical emergencies. All apartment teams are encouraged to develop an alternative plan for housing.

Selection Process

Students will be notified on Thursday, March 27 by 5:00 PM via email if they will be selecting an apartment or if they will be in residence hall room selection the following week.

All eligible students will be assigned a selection time. Selection times will be published on the student's housing portal. At their assigned time, students will be able to select a room for themselves and their roommate(s). The first roommate to select a room will select a room for all roommate(s). Students are encouraged to discuss their preferences with their roommate(s) in advance.

- All roommate selection must be completed by 9:00 AM on Monday, March 31.

The number of credits earned at the time of selection will determine the order of selection, with students who have the highest number of earned credits selecting first. Currently enrolled but not completed credits will not be considered. Individual GPA will be used to determine any ties. Everyone will receive their own selection time and ranking, regardless of roommate's ranking; the first roommate to select will select for all roommates.

Selection Process

Students applying for Small and Fraternity/Sorority housing must complete a housing agreement before their assignment will be finalized.

Residency Exemption Application

The residency exemption application is available online in the housing portal. While any student can apply for an exemption at any time, the exemption criteria is very specific, and unless your request [aligns with the criteria](#), it is extremely unlikely that your request will be approved by the committee. Students are encouraged to submit their application by Monday, March 24 to receive a decision before housing selection processes begin. If a student is approved for a residency exemption, their financial aid will be reduced. Details about the financial aid reduction and eligibility are outlined in the full policy on our website under "[Important Housing Policies and Information](#)"

All students receiving the Full-tuition scholarships, Tuition Exchange (domestic and international) and Alma College National Merit Scholarship are required to live in college owned housing for all of their years on campus.
